National Tutoring Association Excellence Award

The TLC offers a wide range of programs that use peer tutoring to support students. The center's major areas of Tutoring are Math and Science. In collaboration with the Department of English, TLC operates the University's Writing Center. In addition, TLC coordinates the Supplemental Instruction Program and the Academic Student Achievement Plans, that identify students who may need additional assistance by placing them in appropriate courses, and supporting them with tutoring and guidance. In the most recent academic year, the TLC logged over 36,000 contact hours and reported a student retention rate of 91.85%

Peer Tutoring

Peer tutoring provides academic assistance to students in subject areas such as: History, Political Science, Theory & Arts, Training, Spanish, Accounting, Science, and Math.

Locations: (TLC Offices and most of the tutoring rooms are located in the Bell Library) Math Lab Room 219 - Science Lab Room 218 - History, PS, Accounting, Computer Science Room 216 D, Theory & Arts Center for the Arts 140.

Supplemental Instruction

TLC offers Supplemental Instruction (SI) which is an academic assistance program that increases student performance and retention. The SI Program targets large entry level courses and provides regularly scheduled, out-of-class, peer facilitated sessions.

The Writing Center

The Writing Center provides free help for students at any stage in the writing process. Writing Center consultants work with writers one-on-one to help them find ideas, organize their thoughts, cite sources, prepare application letters and resumes, and in general provide an active, constructive audience for any writing task.

TLC Microcomputer Lab

The Tutoring and Learning Center's Microcomputer Lab is set up to complement the other services offered by the TLC. The lab is open to all students during any of its hours; the lab is not reserved for daily classes. Printers and scanners within the lab are available for student use, in addition to an array of applications, tutoring software, class specific programs, Internet access, as well as access to the University's other academic resources such as the various Unix systems, campus email, Novell shared drives etc. The TLC's Microcomputer Lab also houses the Tutoring and Learning Center's collection of multimedia resources.

TLC Peer Tutoring Program is a certified tutoring program through the College of Reading and Learning Association (CRLA) to ensure a unique instructional delivery system, effective outcomes and constant program evaluation.

Welcome Students
