Introduction

This quickstart will help you get started with Turnitin. To begin, you need to register with Turnitin and create a user profile.

1. If you have received an e-mail from Turnitin with a temporary password, a user profile has already been created for you. To get started, log in to Turnitin with your e-mail address and password and proceed to Step 2 in this quickstart.

Step 1

To register and create a user profile, go to www.turnitin.com and click on the New User link to the left of the Sign In button on the homepage 1.

The new user page will open click on Create a user profile in the New instructors start here section. The new user wizard will open and walk you through the profile creation process. In order to create a profile, you must have an account ID and an account join password. You can get this information from your institution’s account administrator.

Once you have created your profile, click the Log in to Turnitin button to log in to Turnitin 2.
Step 2

On your homepage, click the *add a class* button to create a class 3. If you do not want to create a new class at this time, skip ahead to the next step.

4 *Enter a class name and enrollment password*

The enrollment password is the password your students will use to enroll in your class. Pick a password that is easy for your students to remember and that contains all lowercase letters.

The end date is the date your class expires. When a class expires students can no longer submit papers or enroll in the class. The default duration for all classes is 6 months. If you want your class to last longer or shorter, you can change the end date.

Click *submit* to add the class to your homepage.
Step 3

The class will now appear in your class list beneath your account. The number to the left of your class name is the **class ID**. Students will use this ID along with the **class enrollment password** to enroll in your class. You can view your class enrollment password at any time by clicking the *edit* icon to the right of your class.

*5* The class ID is to the left of your class; to view your class enrollment password, click *edit*

You should distribute your **class ID** and **enrollment password** to your students so that they can enroll in your class and submit their papers. Be sure to include this link to our student quickstart:

With this information, your students will have everything they need to get started with Turnitin.

Click on the name of your class to open your class homepage.

*6* Enter a class by clicking its name

Step 4

You have now opened the homepage for your new class and you will see the assignment you created using the class setup wizard. If you did not create an assignment using the class setup wizard or if you want to create another assignment, click the **create a new assignment** button.

*7* If you do not want to create a new assignment at this time, you can skip ahead to the next step.

To create an assignment, enter an assignment title and choose a start and due date for the assignment. Students will be able to submit their papers to the assignment starting on the start date and until the due date passes. Click *submit* to add the assignment to your class homepage.
Step 5

If you want to submit papers yourself, click on the assignment name and then click the *submit paper* button in your assignment inbox.

On the paper submission page, enter the paper’s title and select the author’s name from the author pulldown menu for enrolled students.

To select a paper for submission, click the *browse* button and locate the paper on your computer. We accept submissions in these formats:

- MS Word, WordPerfect, RTF, PDF, PostScript, HTML, plain text (.txt)

When you are done, click the *upload* button to upload the paper.
Step 6

Make sure you selected the correct paper; click “submit” to finalize your submission.

The paper you chose to submit will be shown on the next page. Look over all the information and make sure that it is correct. To confirm the submission, click the submit button.

Step 7

Opens your assignment inbox containing submissions and Originality Reports.

After you submit a paper, our system will begin processing the paper and will generate an Originality Report within minutes. To view the report, click the inbox button on submission confirmation page. Your assignment inbox will open.

Click to open your assignment inbox.

Please note that you can also open your assignment inbox from your class homepage by clicking on the assignment name.
Step 8

Your assignment inbox shows submitted papers with their Originality Reports. To open the Originality Report for the paper you just submitted, click the report icon 📁. **Note:** A grayed out report icon indicates that the report has not yet been generated. Please wait a few moments and click your browser’s refresh button.
