Card Program

The TexShare card program is a reciprocal borrowing program. It is designed to allow the registered users of participating institutions to directly borrow materials from the libraries of other participating institutions. Those libraries that choose to participate sign a form stating they agree to honor the Card Program Agreement, which specifies the roles and responsibilities of the home and lending libraries, and library patrons. Registered users must obtain a TexShare Card from their home institution before they are able to check out materials from other participating institutions.
