Undergraduate Studies
College of Education

The College of Education offers a number of undergraduate degrees. Many of these lead to teacher certification. More information is available at the links to each specific program, below.

For questions regarding new applications, scheduling, or transfer of credits, contact an academic advisor at (361) 826-2662. Degree plans are often updated, so check with your advisor to make sure you have the correct version. For further information on degrees and related coursework, visit the university course catalog.
