Research Enhancement is an internal award that is granted to applicants whose proposals are reviewed by an internal committee and recommended for funding. The monies allocated to this award total $110K per year. From this total, $44K is distributed at the college level by college deans. The remaining $66K is distributed through the Office of Graduate Studies and Research as recommended by the Research Enhancement committee using an RFP process. In FY09 there were 8 funded projects.
