The purpose of this chartered student organization is to: assist veterans in the acclimation from military to academic life for a successful college experience; assist veterans with common issues, and provide counsel on veterans’ educational benefits, scholarships, and other resources available to veterans; serve as the definitive organization advocating for veteran student issues at the university and state level; to allow other students and the community to be involved with veterans from the university; and to create a resource in support of members of our Armed Forces, at home and deployed around the world.
