Student Government is a student-run, campus-wide organization developed to provide students at Texas A&M University-Corpus Christi with a voice in the decision-making processes of the university. The current Student Government Association was established by popular vote of the A&M Corpus Christi student body on September 22, 1994.

Student Government members are the link between students and the administration of TAMU-CC. SGA members are encouraged to discuss their opinions, criticisms, and expectations to promote a student-friendly environment and uphold the general welfare of the student body.

Through service in SGA, members improve communication, enhance leadership abilities, hone critical thinking and problem solving skills, and learn how to work with a variety of people, including the faculty, staff, and peers, with unique ideas and views.
