Aloha Days

Aloha Days and

Aloha Days is designed to aid the transition from high school to college and specifically to TAMU-CC. This is an optional program for incoming freshmen intended to establish friendships, learn about on-campus life, meet student leaders, become familiar with TAMU-CC traditions, and learn about Islander life in a very relaxed atmosphere. It also allows students to get acquainted through recreation activities, Aloha Olympics and evening mixers. You also will have plenty of time for socializing. There will be pool time, games, a dance, and plenty of free time. You can spend that time getting to know even more students. And who knows - you may just meet your new best friend.
