Excellence thru Development, Growth & Experience

Mission:

E.D.G.E. Leadership is a student run organization formed to aid students with their leadership development. The mission of E.D.G.E. Leadership shall be to develop students’ leadership skills so that they will become better leaders on campus, in the community and in the workforce. E.D.G.E. will consist of two components involving all students at Texas A&M-Corpus Christi: Emerging Leaders Program and Advanced Leaders Program. We will provide all students enrolled at Texas A&M University-Corpus Christi with a valued opportunity to gain knowledge about the University, campus life, and leadership through interactive workshops and experiential activities. These activities will promote growth in leadership by creating interactions with other student leaders, University staff and the community.
