1. GENERAL

State law requires that each component of The Texas A&M University System reports to the Secretary of State each conditional contract, gift, donation, grant, and/or endowment (GDGE) from a foreign source, regardless of value. Federal law also requires each academic component, including the health science center, to report to the United States Secretary of Education each GDGE from a foreign source with a value of $250,000 or more and each restricted or conditional GDGE or contract regardless of value. To ensure uniform compliance, additional instruction regarding federal and state requirements is presented below.

4. DISCLOSURE REPORTS

4.1 Federal Disclosure Reports

4.1.1 Whenever a System academic component receives a GDGE from or enters into a contract with a foreign source, the value of which is $250,000 or more, considered alone or in combination with all other GDGEs from, or contracts with, that foreign source within a calendar year, the academic component must file a disclosure report with the United States Secretary of Education on January 31 or July 31, whichever is sooner.

(1) A report for a GDGE received from or a contract entered into with a foreign source other than a foreign government must include the aggregate dollar amount of such GDGE and contract attributable to a particular country. The country to which a GDGE is attributable is the country of citizenship, or if unknown, the principal residence for a foreign source who is a natural person, and the country of incorporation, or if unknown, the principal place of business, for a foreign source which is a legal entity.

(2) A report for a GDGE received from or a contract entered into with a foreign government must include the aggregate amount of all GDGEs and/or contracts received from that foreign government.

4.1.2 Notwithstanding the provisions of paragraph 4.1.1 above, whenever a System academic component receives a restricted or conditional GDGE or contract from a foreign source, the academic component must disclose the following to the United States Secretary of Education.

(1) The report of a restricted or conditional GDGE or contract received from a foreign source other than a foreign government, must disclose:

(a) the amount, the date, and a description of conditions or restrictions;
(b) the country of citizenship, or if unknown, the principal residence for a foreign source who is a natural person; and
(c) the country of incorporation, or if unknown, the principal place of business, for a foreign source which is a legal entity.

(2) The report of a restricted or conditional GDGE or contract received from a foreign government must include the amount, the date, a description of conditions or restrictions, and the name of the foreign government.

4.2 State Disclosure Reports

Whenever any System component receives a conditional GDGE or contract from a foreign person, the component must file a disclosure report with the Texas Secretary of State. The
Texas Secretary of State has ruled that the reporting requirement in Sections 51.572 and 51.573 of the Education Code may be satisfied by filing with that department a copy of the report that is filed with the U. S. Department of Education in accordance with paragraph 4.1, above.

4.3 Relation to Other Reporting Requirements

The U.S. Department of Education and the Texas Secretary of State will accept a copy of a report required by any other department, agency or bureau of the Executive Branch in lieu of a report required by Paragraphs 4.1 and 4.2 above if:

1. the report contains requirements substantially similar to those in this regulation; and/or
2. the report contains requirements substantially similar to those in United States Code, Title 20, Section 1011f.

4.4 Failure to Comply with State Reporting Requirements

If a component fails to file a required disclosure statement with the Texas Secretary of State, the Attorney General may bring suit to compel disclosure. The component may be fined an amount equal to five percent of the conditional GDGE not reported and may be liable for the payment of reasonable attorney's fees. Should the Attorney General fail to file such a suit, then a private citizen may do so.

4.5 Failure to Comply with Federal Reporting Requirements

If a component fails to file a required disclosure statement with the United States Secretary of Education, the United States Attorney General may bring suit to compel compliance. The component may be liable for the payment of full costs to obtain compliance.
