terms; 4th class day for summer terms). If I register and then drop hours prior to that date, my eligibility for aid will be adjusted to match my official enrollment. As a result, I may need to return a portion of the aid I received to the Business Office. If I drop a class after the official census date, those dropped courses will be counted towards my attempted hours for the purpose of maintaining satisfactory progress.

RETURN OF TITLE IV FUNDS

I understand that students who withdraw from the University (dropping all classes) before completing 60% of the semester will have their aid adjusted based on the percent of the semester completed to reflect the unearned portion of their financial assistance package. (For example, if a student drops at 20% of the semester, they did not earn 20% of the financial aid awarded to them.) Upon withdrawing from the University, the student will receive a letter detailing the exact amount of aid that was unearned and must be returned to the University and/or the U.S. Department of Education. Students who "unofficially" withdraw from the University due to nonattendance are also subject to the recalculations of aid under the Return to Title IV Funds Refund policy. Students who stop attending class, who do not officially withdraw from the University, and receive failing grades in all of their classes at the end of the term will have their aid adjusted using midpoint as the last day of attendance. Upon determination of the "unofficial" withdrawal, a letter will be sent to the student detailing the exact amounts of aid that were unearned and must be returned to the University and/or the U.S. Department of Education.

SATISFACTORY ACADEMIC PROGRESS

I understand by the end of the SPRING term that I must show satisfactory progress toward a degree or certificate based on the following elements: 1. Academic Standards - I must maintain a 3.0 cumulative GPA. 2. Maximum Frame for Degree/Certificate Completion - I understand that GRADUATE students will be limited to 64 attempted hours to complete a degree or certification program. I understand that DOCTORAL students will be limited to 90 attempted hours to complete a degree or certification program. Attempted hours include all transfer hours and all registered hours at TAMUCC per semester whether or not the student earns a grade; receives credit, or received financial aid. 3. Successful Credit-Hour Completion Rate - I understand I must successfully complete/earn a minimum of 87% on all attempted course work.

<td>Subsidized</td>
<td>- SUBSIDIZED and/or UNSUBSIDIZED STAFFORD LOANS awards are based on at least a half-time enrollment (6 hours) and require completion of a Master Promissory Note and an Entrance Counseling Session. Please be aware that first-time, first-year borrowers are not eligible to receive their loan funds until 30 days into the semester. Additionally, first-year, first-time borrowers are required to attend a loan entrance session before your loans will be processed.</td>
