TESTING

The Texas Success Initiative is a state-legislated program that requires students to be assessed in reading, writing, and math skills prior to enrolling in a Texas public institution and to be advised based on that assessment. The Texas Higher Education Coordinating Board (THECB) has approved the ASSET, COMPASS, ACCUPLACER and the THEA as acceptable assessment instruments for entering students. Texas A&M University-Corpus Christi administers only the THEA and COMPASS, but accepts scores from any of the alternative assessments. If you are an undergraduate student in a public community college or university in Texas, you are required to take the test unless you qualify for an exemption. *Students transferring from an out-of-state or private university, regardless of their undergraduate classification, are also subject to this requirement.

If you fail one or more portions of the THEA and have 60 or more cumulative college level hours in the current semester, you may not be permitted to enroll in any senior level courses (4000 level) until you pass the developmental program. You must enroll in appropriate developmental classes. Placement and participation in developmental education is determined on an individual basis for students by the Center for Academic Student Achievement. Students may contact an Intervention Specialist at 825-2977 or go by their office (Library 218 A-1). Students may retest to meet the TSI standard. Institutions may consider performance in developmental education, performance in college-level courses, and performance on an assessment instrument in determining college readiness.

*For questions regarding TSI exemptions, please contact the Office of Academic Testing at (361) 825-2334 or visit with us in the Student Services Center Room 210.
